*A FORCE Familiarization session is conducted every third Monday of the month from 0830-0930 on the Gym Floor. Walk-ins welcome.

RISE & GRIND PT

If you're unable to attend four classes a week, find balance with this well-rounded class that targets strength, power, and cardiovascular fitness, combining the training goals in our Mon-Thurs lunchtime classes into two classes a week. We'll focus on the seven functional movement patterns (push, pull, squat, lunge hinge, rotation and gait) while also incorporating steady state cardio, HIIT, carries and locomotion. Open to all levels!

ALL LEVELS YOGA *(Stadacona Chapel)*

Vinyasa means flowing with breath. This class will raise your heart rate, build strength and balance while energizing your body through sequenced poses. Vinyasa flow is offered for all fitness levels with modifications provided. Mats and props are provided.

STAD STRENGTH

A strength and power focused class based on planned variation, the seven functional movement patterns (push, pull, squat, lunge, hinge, rotation and gait), technique breakdown and skill progression. Emphasis is placed on proper form and safe lifting to build confidence in weightlifting. For balanced results, it's recommended that participants complete their training week with "Stad Conditioning".

STAD CONDITIONING

Ditch the cardio room and improve your cardiovascular fitness in this conditioning class which utilizes steady state cardio, moderate to high intensity interval training, circuits and carries. Create a balanced week of training by combining this class with "Stad Strength".
