

## Military Family Resource Centre

### Family Liaison Officer (FLO)

Vancouver Transition Centre | Part-Time (21 hrs/week)

Are you a compassionate mental health professional ready to make a real difference in the lives of Military families during critical transitions? The Mainland BC MFRC is seeking a Registered Clinical Counsellor or Registered Social Worker to join our team as our Family Liaison Officer.

**THE ROLE:** You'll provide specialized psychosocial support and navigation to families of medically releasing CAF members—helping them manage the complex emotional, practical, and systemic challenges of transition. This isn't general counselling; it's targeted, transition-focused support during one of the most difficult periods in a Military family's journey.

#### WHAT YOU'LL DO

- Provide short-term, evidence-based counselling and crisis intervention
- Support families navigating medical release, VAC benefits, and community resources
- Collaborate with interdisciplinary teams (VAC, CAF medical staff, PSP)
- Participate in clinical supervision and professional development

#### WHAT YOU NEED

- RCC/CCC or RSW registration in BC (required)
- 2+ years post-graduate clinical experience
- Crisis intervention and family-centred counselling skills
- Strong professional boundaries and understanding of multi-stakeholder environments
- Experience with military/Veteran families (asset)

#### WHAT WE OFFER

- \$48/hr to start, \$50/hr after probation
- Health & dental benefits
- 3 weeks paid vacation (prorated)
- Paid professional registration
- Clinical supervision & professional development
- Flexible scheduling (3 days/week, typically Mon-Fri 9am-4:30pm)
- Free parking

**WHY THIS MATTERS:** Military families facing medical release are navigating profound change—loss of identity, health challenges, financial uncertainty, and complex systems. Your work will directly impact their ability to transition with dignity, hope, and support.
