Chalet HINTERMAIR Garmisch-Partenkirchen, Germany

Chalet HINTERMAIR, located in the ski resort of Garmisch-Partenkirchen, is a charming Bavarian log house. The property consists of two floors, with the main living area on the ground floor and the bedrooms being upstairs on the second. There is a balcony, accessible from upstairs on which you can sit down, relax and enjoy a stunning view of the surrounding Bavarian Alps. A patio and yard are also at your disposal, directly accessible from the ground floor.

Garmisch and Partenkirchen used to be two separate towns, until they were united in anticipation of the 1936 Winter Olympic Games. Even though the towns are now combined, there are visible differences between the two. Garmisch has a more modern feel while Partenkirchen gives a glimpse into the past with cobblestoned streets and fresco painted houses. Garmisch-Partenkirchen is a popular area to visit year-round. With breathtaking Alpine views, many hiking trails and enchanting castles to visit, the area offers something for everyone at any time of the year.
