

RESPECT PROGRAM – SUMMER 2025

Children attending Camp de jour Courcelette must respect a code of conduct known as the “respect program”. Accompanied children must also respect this code:

Usual code of life: Children will have the chance to live in an environment where team spirit, respect and fun will be the order of the day. That said, educational and playful methods will be used to encourage good behaviour on the part of each and every one. Any child displaying **unacceptable gestures or behaviour** will be subject to the following procedure:

- 1st time: Written warning to the youngster, signed by the parent and informed of the next steps in the warning system;
- 2nd time: Written warning to child with the parent’s signature. The child is banned from the day camp for one day, without a refund. An improvement plan may be put in place.
- 3rd time: Written warning to child with the parents’ signature. Child is banned from day camp for one week, without a refund.
- 4th time: Written warning to the child with the parent’s signature, the child is banned from day camp for the rest of the summer, without a refund.

Unacceptable gestures or behaviours include:

- Aggression, physical, verbal or psychological violence towards another child or a staff member;
- Repeated running away that puts the child’s life and that of the staff in danger;
- Intimidation, physical or verbal threats;
- Theft or extortion (taxing);
- Lack of respect (e.g. child does not listen to instructions), insults, vulgar or hurtful language;
- Repeated behavioural problems (e.g., child does not follow his group);
- Going into the forest without a leader;
- Sexual gestures.

The steps are not automatically applied in order according to the seriousness of the child’s behaviour. For example, it is possible to go from warning 1 to warning 4 depending on the behaviour.

Important - Accompaniment: The warning system is the same for accompanied children. However, we give accompanied children more latitude and chances before applying disciplinary measures. In fact, we offer an accompaniment service to enable the child to receive help in managing his or her emotions and behaviours by creating a routine and avoiding outbursts.

By completing the coaching form, the parent accepts this warning system.
