Movement Standards

10 m Shuttle Run

- Athlete runs between two clearly marked lines 10 meters apart.
- One foot must break the plane of the line before initiating the burpee.

FORCE Burpee

- Athlete begins standing with their foot on the line.
- Chest and thighs must contact the ground while hands must release from the floor.
- Once hands have been released, the rep is complete and athlete can move on to the next movement.
- Burpee must be performed within the 10 m distance between the lines on the floor.

Walking Lunge

- Athlete holds two dumbbells at their sides.
- Rear knee must touch the ground on each rep.
- Athlete must fully extend hips and knees at the top before stepping forward.
- Both feet must cross the 10 m line to complete the rep.

Burpee Deadlift

- Athlete must first complete a burpee with chest and thighs touching the floor.
- Athlete stands and deadlifts both dumbbells from the ground.
- Hips and knees must be fully extended at the top of the deadlift.
- Burpee deadlift must be performed outside of the lines (10m distance).
- No part of the body can break the plain of the 10m line.

Scoring

- Score is the total time to complete all 7 rounds.
- If the time cap is reached, the score is the total number of repetitions completed.
