<b>SECTION 4: NARRATIVE (increase space a required)</b>				
<p>As you can see from his extensive resume that Mr. Better has accomplished many meritorious achievements in his Military career at all levels of competition, from Intersection right on up through to CISM. He has played an integral part in promoting and developing Sports in the Military. Coupled with his friendly laid back approach and dedication to the Military Sports Program, Doug has been instrumental in getting many soldiers, men and women, out and playing various sports. He has a unique talent for recruitment. Over the years Doug has been a great Ambassador for such sports as M/W Volleyball, Squash and Badminton. I believe that the only reason Badminton is where it is today, still a National Sport, is because of his dedication to that sport. Doug asks nothing in return. His reward is seeing the Sports in the Military grow and he is only too glad to be part of it.</p> <p>As you can see from above Doug not only played various sports, he was an active coach, sports administrator and Referee/official in many of the sports. Also Doug has always kept his Coaching certificates up to date, which is very commendable, as you can see from his resume, that he had various coaching certificates. Doug is still an active member in the Military Sports Program. Mr. Better's Sportsmanship goes without question, on and off the court. Doug still plays a very active roll in the Regional and National Badminton scene, along with helping out where he can in squash and other Regional sports.</p>
