

NPF Employee Group Insurance Plan

Financial statements
March 31, 2022

Independent auditor's report

To the Members of the Non-Public Property Oversight and Advisory Board of
NPF Employee Group Insurance Plan

Opinion

We have audited the accompanying financial statements of **NPF Employee Group Insurance Plan** ["the Plan"], which comprise the statement of financial position as at March 31, 2022 and the statement of operations and accumulated surplus and the statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Plan as at March 31, 2022, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Plan in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Plan's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Plan or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Plan's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Plan's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Plan to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NPF Employee Group Insurance Plan

Notes to financial statements

March 31, 2022

1. Description of plan

The NPF Employee Group Insurance Plan [the “Plan”] provides health, dental, long-term disability [“LTD”] and employer-sponsored life insurance to full time Non-Public Fund [“NPF”] employees. Full-time employees are required to participate, except where exemptions are specified. The Plan is funded by employees and employer contributions.

All rights with respect to a covered person are governed solely by the group contracts issued by the insurance carriers to the Chief of Defence Staff [“CDS”] operating under Section 38 of the *National Defence Act*. Services with respect to hospital, major medical and dental benefits as well as long-term disability and basic life insurance are provided on an insured cross experience rated refund basis. Services with respect to the optional life insurance are provided on an insured pooled non-refund basis. Services with respect to healthcare, dental care, long-term disability and life insurance are underwritten and insured by Canada Life Assurance Company. Services with respect to global medical are underwritten by Sutton Special Risk Inc. and accidental death and dismemberment are underwritten by the SSQ Financial Group.

2. Summary of significant accounting policies

Basis of presentation

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Use of estimates

The preparation of financial statements in conformity with the significant accounting policies in accordance with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates. The estimates are reviewed annually and as adjustments become necessary, they are recognized in the financial statements in the period in which they become known.

Financial instruments

The Plan’s financial instruments consist of amounts due from Canadian Forces Central Fund, accounts receivable and accounts payable and accrued liabilities.

The Plan initially measures its financial assets and financial liabilities, issued or assumed in an arm’s length transaction at fair value.

Related party financial instruments that have repayment terms are initially recorded at cost, representing the undiscounted cash flows of that instrument, excluding interest and dividend payments. Related party financial instruments that do not have repayment terms are recorded at cost, determined using the consideration transferred or received by the Plan. If the consideration transferred or received has repayment terms, then the cost is determined using the undiscounted cash flows, excluding interest and dividend payments, of the financial instrument transferred as consideration. If, however, the consideration transferred is an asset or liability that does

NPF Employee Group Insurance Plan

Notes to financial statements

March 31, 2022

not have repayment terms, the cost is initially recognized at the carrying or exchange amount of the consideration transferred or received, depending on the circumstances. The exchange amount is used when the transaction is in the normal course of operations or the transaction is not in the normal course of operations but has commercial substance, the change in ownership interest in the related financial item transferred is substantive and the amount of consideration transferred or received is established and agreed to by the related parties and is supported by independent evidence. Otherwise, the carrying amount of the consideration transferred or received is used as the cost of the related party financial instrument.

The Plan subsequently measures its financial assets and financial liabilities, including related party financial instruments, at amortized cost.

Financial assets subsequently measured at amortized cost are tested for impairment when there are indicators of possible impairment. Any impairment loss is recognized in excess of revenue over expenses. The previously recognized impairment loss may subsequently be reversed to a maximum of the amortized cost that would have been reported at the date of the reversal had the impairment not been recognized previously.

The carrying amount of the financial asset or liability is adjusted by the transaction costs, which are recognized in excess of revenue over expenses using the straight-line method.

Claims incurred but not reported

Health and dental claims incurred but not reported by policy holders to the insurer by the end of the policy period are the direct responsibility of the Plan. This provision is estimated by an actuarial formula on an annual basis.

Employee and employer contributions

Employee and employer contributions are based on the amount of premiums that are reviewed and negotiated by the insurer and Canadian Forces Morale and Welfare Services ["CFMWS"] and ultimately approved by CFMWS. These contributions are the anticipated cash expenses to be incurred in the upcoming 12-month period. The contributions include amounts charged on an experience rated basis to reimburse the insurer for the prior years' deficits, if applicable, and those to fund current years' costs.

Government Employees Compensation Act ["GECA"]

Since January 1, 2020, the employer's contribution to GECA premiums is based on 0.7% of salaries.

3. Change in accounting policy

Financial instruments in a related party transaction, risk disclosure and other amendments

Effective April 1, 2021, the Plan adopted the amendments to Section 3856 of Part II of the *CPA Canada Handbook – Accounting, Financial Instruments*, ["Section 3856" or the "standard"] issued by the Canadian Accounting Standards Board. Under the amended standard, the measurement of related party financial instruments is now incorporated into Section 3856 as opposed to Section 3840, *Related Party Transactions* ["Section 3840"].

NPF Employee Group Insurance Plan

Notes to financial statements

March 31, 2022

The Plan adopted the amendments to Section 3856 retrospectively. There was no impact of the adoption of the amendments to Section 3856 on the financial statements of the Plan as at and for the year ended March 31, 2022.

4. Group life waiver

In 1987, a decision was made to discontinue the Premium Waiver provision of the life insurance policy. This provision was replaced by an agreement whereby CFMWS would continue to pay the premiums on behalf of these members. CFMWS established a provision to protect NPF employees against the increased risk of insurance payouts on this group of members based on their increased mortality and morbidity rates. This agreement covers all employees who commenced LTD benefits between March 1, 1987 and February 29, 2000. The Premium Waiver provision was reinstated effective March 1, 2000 and the Group Life Waiver will eventually be eliminated as these members retire or terminate LTD benefits.

5. Due from Canadian Forces Central Fund [“CFCF”]

Non-Public Property [“NPP”], as defined by the *National Defence Act*, consists of money and property contributed by Canadian Forces members. Among the entities that operate under the authority of the CDS in his NPP capacity are the Plan, CFMWS and CFCF.

At March 31, 2022, amounts ‘Due from Canadian Forces Central Fund’ of \$4,651,513 [2021 – \$4,040,827] represent the Plan’s share of an internal consolidated bank account administered by CFCF. The amounts have no specific terms of repayment and are interest bearing, receiving prime + 0.25% [2021 – prime + 0.25%].

6. Accumulated surplus

NPF Employee Group Insurance Plan	2022	2021
	\$	\$
LTD	815,136	772,051
Dental	(192,253)	(188,679)
Medical	(381,837)	(293,764)
Group life	163,856	151,541
Group life waiver	(3,540)	(4,172)
	401,362	436,977
GECA	2,975,038	2,692,776
	3,376,400	3,129,753

7. Government remittances

At March 31, 2022, government remittances payable of nil [2021 – \$644 receivable] are included in accounts payable and accrued liabilities.

8. Plan expenses payable

At March 31, 2022, there is \$286,890 [2021 – \$23,433] of general accounts payable and accrued GECA invoices of \$484,513 [2021 – \$494,208] included in accounts payable and accrued liabilities.

NPF Employee Group Insurance Plan

Notes to financial statements

March 31, 2022

9. Financial instruments and risk management

The Plan is exposed to various risks through its financial instruments. The following analysis provides a measure of the Plan's risk exposure as at the statement of financial position date:

Liquidity risk

Liquidity risk is the risk the Plan will have difficulty in meeting obligations associated with financial liabilities, which include accounts payable and accrued liabilities. Prudent management of liquidity risk implies retaining a sufficient level of liquidities and arranging for appropriate credit facilities. The Plan believes that its recurring financial resources are adequate to cover all its expenditures.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Plan is exposed to credit risk on its amount due from CFCF. The Plan determines, on a continuing basis, the probable losses and sets up a provision for losses based on the estimated realizable value.
