

# DREAMS TAKE FLIGHT

## LETTER TO THE ATTENDING PHYSICIAN

Montreal, Quebec  
April 2, 2026

### Attending Physicians,

**Dreams Take Flight** is a non-profit organization that provides children with the opportunity to visit **Disney World** each year. This year's trip is scheduled for **Wednesday, November 4, 2026**.

While this experience is truly unforgettable for the children involved, we kindly ask physicians to **carefully assess each child's ability to safely participate in a long and active day**, which includes air travel and a same-day return from Florida. Wherever possible, Dreams Take Flight strives to **accommodate reasonable medical requirements**, provided they are compatible with the day's schedule and the overall safety of the child.

To ensure appropriate medical assessment, it is **essential** that the enclosed **Fitness for Travel – Medical Information Form (VDR-2026-04E)** be completed in full.

All medical information provided will be handled **confidentially**, in accordance with standards applied to all personal medical records.

If possible, we kindly ask that you **consider waiving any fees** normally charged for completing medical forms. Your generosity in this regard would be sincerely appreciated.

Despite the careful screening process used when selecting participants, it is important that **parents and children understand** that a child may be **refused participation at the last minute** should the Medical Doctors accompanying the flight determine that the trip poses a risk to the child's health.

We also ask that you **remind parents to provide all medications** that may be required during the trip, **including medications not taken on a daily basis** (e.g., Ritalin, Ventolin).

Should you have **specific medical concerns** regarding a child's participation or the nature of the trip, please do not hesitate to contact me directly at **(514) 932-3911**.

Thank you for your time, care, and support.

Yours sincerely,

*John Yaremko*
